Abstract

Robert Elwood Hoagland (1927-2007) of Philadelphia was a professional librarian and genealogist. He served in the Navy during World War II and, in the 1960s, received degrees from the University of Pennsylvania and Drexel University. As a genealogist, he authored several family history works, including *Augustine Stilwell (1769-1842) of Hunterdon and Mercer Counties, New Jersey, and his Descendants* (1999) and *Robert Zane of Newton, Gloucester County, West New Jersey, 1642-1694/5 and Some of His Descendants* (1983). He also wrote articles based on his work for the *National Genealogical Society Quarterly* and *Penn in Hand*, the newsletter of the Genealogical Society of Pennsylvania.

The additions to the Robert E. Hoagland papers consist of Hoagland's research files on the Stilwell/Stillwell families of New Jersey and several client files. Almost all the files contain photocopies of documents such as vital records, deeds, maps, and obituaries, as well as family group worksheets, family trees, and other genealogical data that Hoagland obtained and created during the course of his research. In addition, scattered throughout the files is Hoagland's correspondence with clients and various historical organizations, such as Philadelphia's City Archives. Such correspondence documents Hoagland's research process and includes letters to and from family members and letters between Hoagland and his various source organizations, such as the Philadelphia City Archives. The client files, in particular, contain client's requests and thank-you notes and copies of invoices Hoagland rendered for his services. The original order of the files has been maintained.

The first five boxes contain research files on the Augustine Stilwell and related Stilwell/Stillwell families. Hoagland collected these materials in preparation for his book on Augustine Stillwell. The files are arranged in rough alphabetical order according to family member. The contents of each folder vary; however, almost all the folders contain individual family group sheets and chronologies. Researchers will also find copies of census, court, and vital records; deed; maps; photographs; various family history charts, and correspondence.

The final boxes contain both client and research files. In Box 6 are files for several different clients for whom Hoagland gathered genealogical data, which are arranged alphabetically by each client's last name. Following these folders are Hoagland's Jacob West research files, which span boxes 6 and 7. Most of this material is filed under the client, William G. Wearshing, who, according to Hoagland's file entitled "Wearshing,

William G. – original search plans,” sought to find out if he was the natural great-grandson of one Isaac Jacob West. The remaining files in boxes 7 and 8 consist of Hoagland’s research files on John Tapper. These materials are filed primarily under two client’s names: Robert E. Tapper and Mrs. Theresa G. Tapper (Robert’s wife). A detailed list of the people for whom Hoagland searched for his clients is available in Appendix A on page 6 of this guide. Additionally, starting on page 8 is Appendix B, which contains a list of client names and searched names from the related but separate collection GSP 063.
