now brigezo saw,

It's her almost the hay since wire come here and thanks to the efforts of those responsible, many improvements have been brought about, making it much sesses for us to adjust overalloss to our new auroundings.

There are three reparate settlements which are three miles apart and capable of housing to, soo people. We are in the Northern settlement which has facilities for 10,000. I don't know just how many blocks there are note than jefty and soul book has a little over 1000 residents. We from India and Rele Spring are more or less grouped
