

The Knitting Revolution

What does knitting have to do with women's rights? Join University of Notre Dame professor Pamela Butler as she explores the legacy of knitting and feminism in order to make political sense of today's so-called "knitting revolution." A short knitting demonstration, sponsored by Rosie's Yarn Cellar, will precede the event. Bring your knitting needles!

A raffle will take place after the event. All proceeds will support the Young Friends Adopt A Collection program. You may purchase raffle tickets online at registration or at the door. Prizes include two roundtrip tickets from Southwest Airlines, a gift basket from Rosie's Yarn Cellar, and items from Modern Eye.
